### how to book us?

a non-refundable down payment (25%) should be made to book the date, special only for you. the settlement could be made 1 month prior to the wedding day.

### why can't I pick photos by myself?

we believe your time is valuable and we'd love to make this process easier and faster for you. also, we want to tell you stories without words. and who should you trust more beside the photographer himself? it would be an honor for us to do the work.

### how can I get the album & canvas?

you can get the whole finished package in our office, located in Bogor. but we also can arrange a shipment with courier for Jakarta & Bogor area by additional charge.
